of My HealthVet users access the patient portal at least once a month

of My HealthVet users access the patient portal at least once a week

Take control of your health TODAY!

The My HealthVet portal (www.myhealth.va.gov) is a suite of tools that enables Veterans to create a free web-based Personal Health Record (PHR), access health education resources, and refill VA prescriptions. All VA patients are eligible to complete a one-time process of identity authentication to obtain an upgraded or Premium My HealthVet account. VA patients with a Premium account can access data from the VA electronic health record (EHR) and communicate electronically with their health care team using secure messaging. They can also refill prescriptions, track prescription deliveries, and view upcoming VA appointments.

Data collected July 01, 2017 to June 30, 2018 from a random sample of My HealthVet site visitors who navigated 4 or more pages during their visit (service provided by ForeSee Results: Customer Experience Analytics).
